SCHOOLS (DEPARTMENT OF EDUCATION [CDE])

- On November 28, the Governor released Executive Order (EO) B-58-18 to help ensure students displaced by the Camp, Woolsey and Hill fires are able to return to school as soon as possible, and to facilitate the use of temporary school facilities and waivers for the requirements related to class size, outdoor physical education and school district residency. The EO was coordinated between the CDE and Cal OES Legal.
- The CDE Nutrition Services Division (NSD) has received a disaster waiver for Paradise Unified School District (USD) to allow flexibility in the meal pattern and the allowance of free meals to all students. This waiver is effective until December 31, 2018. If Paradise USD requires an extension, the NSD will submit the request to the USDA. Our staff are working with Paradise USD to get sites approved to open on December 3, 2018.

Butte County

- CDE is working closely with school district leaders within the county to reopen schools, including charter schools, throughout the county on 12/03/18.
 - Paradise Middle School and Paradise High School will provide instruction with a hybrid model – both online and in person at a large center - as there is no viable school setting ready.
 - CDE is providing support to Butte County Office of Education (BCOE) to bring mental health and other counseling services to students and school staff for when they return to school. State associations and local educational agencies are providing counseling/trauma recovery services as contributed mutual aid; CDE is seeking sources of financial support to cover logistical expenses including support for transportation, lodging, food, training supplies, etc.
